

FOR IMMEDIATE RELEASE

e-Cop Clinches 2012 Frost & Sullivan Malaysia Excellence Award for Managed Security Service Provider (MSSP) of the Year

A recognition of e-Cop's exemplary performance as a MSSP in Malaysia

Singapore, 16 April 2012 – e-Cop was conferred the highly acclaimed 2012 MSSP of the Year Award during the Frost & Sullivan Awards Luncheon held in Kuala Lumpur on 10 April. This is the fifth time e-Cop has received this accolade, having also attained the title in 2005, 2008, 2009 and 2010.

Since its inception in 2005, this award seeks to recognise best-of-breed telecommunications players and ICT stars in Malaysia. To qualify for the official award conferment, contenders have to undergo a rigorous three-stage selection process in which they will be evaluated based on revenue and growth in revenue, market share and growth in market share, product portfolio as well as key achievements.

In Frost & Sullivan's summary analysis, the following three points were highlighted as e-Cop's key strengths:

- "The provider was able to cater to different cloud deployment models by introducing Virtual IDS, Virtual Log Management and Virtual SOC."
- "The provider was able to provide timely regional service and local language support to its clients via its network of 24x7 Security Operations Centres (SOCs) across the globe."
- "Due to their internal R&D team, they are flexible and quick in customising their solutions to their clients' needs."

Mr. Walter Lee, CEO of e-Cop Group said, "We are honoured to be a five-time recipient of the Frost & Sullivan Malaysia Excellence Award for Managed Security Service Provider of the Year. This award is a testament of e-Cop's strong leadership position in Malaysia's Managed Security Service industry. We would like to thank Frost & Sullivan as well as our longstanding clients and partners for this prestigious recognition."

About e-Cop

e-Cop is the trusted partner for managed risk and information security services to business enterprises and governments. It offers a comprehensive suite of services to identify and deal effectively with threats and risks related to information security management. These services include Managed Security Services, Technology Consulting Services and Professional Security Consulting Services.

Widely hailed as an innovative and leading information security industry bluechip, e-Cop operates and maintains several Security Operations Centres (SOCs) worldwide which are ISO/IEC 27001 certified and powered by its highly advanced, award-winning security event correlation technology developed internally by its R&D team.

e-Cop's commitment to deliver a multi-pronged integrated suite of Professional Security Services and Technology Consulting Services has earned itself numerous accolades as the industry's leader. Its customers value the vision, leadership, customised services and solutions that e-Cop brings to the table. For more information, please visit www.e-cop.net.
