Commenting on the results, Mr. Nitin Shah, Chairman and Managing Director said “The quarter has been quite satisfying as we managed to close many deals in Q4 of last year. The revenue from those deals has started to show traction and this is one of the main reasons for the revenue uptick this quarter. We are confident that the revenue momentum will be maintained as we progress ahead in this fiscal and we hope to end the year in a much stronger position than last year.”

He also added “The Company has started to execute the Pune City Surveillance Project and this will be another catalyst to the Company’s growth for the coming fiscal. The EBITDA margins have been impacted this quarter on account of investments in this project without corresponding cash inflows which we expect will start accruing from Q4 of this fiscal.”

The board also approved the allotment of 40,18,801 convertible equity warrants on a preferential basis to Mr. Nitin Shah and Mr. Prakash Shah at a price of Rs. 15 per share.
