### Kazan IT Park and the Indian company Allied Digital Services Limited have signed a Memorandum of Understanding

November 19, 2014

The signing took place today at the Taj Mahal in Mumbai, a two-day visit, the Government of the Republic of Tatarstan headed by the President of the Republic of Tatarstan Rustam Minnikhanov. Signatures to put the Memorandum Director IT park Anton Grachev and CEO of the Group's integrated systems Allied Digital Services Limited Jawahar Ali. The signing ceremony was attended by the President of the Republic of Tatarstan Rustam Minnikhanov, Deputy Prime Minister - Minister of Information and Communications Roman Shaikhutdinov.

Company Allied Digital Services Limited previously expressed interest in working with the IT park. In early October of this year, representatives of the company, headed by the Executive Director of the Group's integrated systems Jawahar Ali visited Kazan IT Park. Then the Indian side acquainted with the infrastructure of industrial park and the sides discussed the possibility of joint projects.

Anton Grachev, Director of GAU "IT Park": "The signing of this agreement - this is one of the elements of the integration of IT park in the international scientific and technological environment, we started this year. Besides the fact that we have entered the International Association of Science and Technology Parks, we started cooperation with Technopark Hoa Lac (Vietnam), explore opportunities with Chinese technology parks. Allied Digital - a very strong partner for the IT park in India.

In turn, the IT park is an important strategic partner for the Allied Digital in Russia. Perhaps we are the center of IT technologies of the Volga, where are concentrated some of the best IT companies in the region. We have the competence to bring to market new projects and part storage and processing of data that are of interest to the Indian side. In particular, at this stage we have a preliminary agreement on projects in our Data Center. "
