*IT managed. Responsibly.*

## What We Offer

---

We provide a complete range of IMAC and Disposal agreements customized to meet your specific needs. Our technicians carry certifications for most major manufacturers including IBM/Lenovo, HP, Dell, Cisco and others. We also offer IT asset Disposal services in a manner consistent with all Federal guidelines. Our IMAC offerings include:

- **Install:** We install a wide-ranging variety of computer systems and peripherals in an enterprise environment.
- **Move:** We perform partial/complete system moves, and data migration to ensure business continuity for a variety of clients.
- **Add:** We monitor "system adds" to ensure that the original configuration of any computer and any adjustments including RAM increases, operating system upgrades are tracked.
- **Change:** System changes including image re-deployment and core application re-installation is monitored to ensure that best practices include company standardization.

## Business Value

---

- Reduced implementation time and cost
- Minimized disruption to end users during installation process
- Assurance that system upgrades are performed in the correct way
- Assurance that all unpredicted installation incidents are solved by HP and our qualified partners
- Enhanced return on investment (ROI) with shortened time to productivity
- Enhanced supportability of IT solutions
- Streamlined knowledge transfer to technical teams and end users
- The peace of mind that comes with installation and configuration by highly skilled services professionals
